

HOW DO I MEASURE MY FINGER?

If you already know your number, choose it from the dropping menu when ordering.

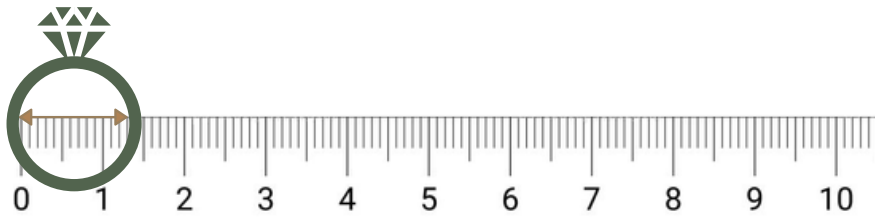

If you don't know your size, you can measure it in different ways:

1. OPTION

The safest way is to have your finger measured at a jewelry store. Ask for circumference or diameter.

2. OPTION

The second way is to place the middle of your ring on a ruler and measure the inner diameter (without the edges of the ring). If you are not sure, take a photo of it on the ruler and send it to me.

3. OPTION

The third way is to measure the inner edges of the ring with a caliper. You can send me the obtained size or order directly by choosing your size from the dropping menu.

ALWAYS MEASURE THE RING THAT FITS THE FINGER YOU WANT TO WEAR THE NEW RING ON. FINGERS OF ONE HAND CAN OFTEN BE A SIZE BIGGER THAN FINGERS ON THE OTHER.
